

AYDON JON CUPIDO

SOFTWARE DEVELOPER

3 Petersen Street, Paarl , South Africa || cupido.aydon@gmail.com || <https://github.com/AydonC> ||
076 641 0897

SUMMARY

Motivated Software Developer with a background in Software, completing 3 Higher Certifications with 80%+ averages. I gained expertise in C#, Web API's, SQLserver, React.js, HTML and CSS. I acquired these skills through my studies and through a program at redAcademy where I gained experience as a Back-End and Front-end developer. My role gave me an opportunity to work on live projects and maintain systems efficiently. I am always open to learn and I am a team player. I deliver results and I am detail-orientated.

TECHNICAL SKILLS

C# / Web Api	GIT.	PostgreSQL (upskilling)
SQL Server	Azure	Figma (upskilling)
React.js	Github	Leadership
Html and CSS.	Version Control.	Project Management

PROFESSIONAL EXPERIENCE

redAcademy , Sprinter

June 2024 - present

- Worked as a Back-end and Front-End Developer on Financial Calculators and Central Maintenance Projects.
- Improved User Experience and added functionality to a lot of projects so it can do what it's needed.
- Got exposed to unit testing, API integration and PostgreSQL.
- Built interfaces using React.js and Javascript to enhance user interaction and experience.
- Used Figma to design easy and simple designs to create a comfortable user experience.
- Got exposed to Project Management Methodologies like Agile and followed the Software Development Life Cycle.

Vistex Africa , Learner

Dec 2023 - April 2024
